DANCING ON SHIPS

Depends Entirely upon the Expressed Desire of Passengers Themselves.

Since dancing on board has become so popular with tourists making the winter cruises to the West Indies, Panama and Central and South America the United Fruit Company has received many requests to install dancing teachers on the steamers of the Great White Fleet. Although the tango and the hesitation have been strongly opposed by many influential people they seem to be the vogue with the younger set. Before making such a radical change in its social staff the United Fruit Company has announced that the passengers on each cruise shall themselves decide whether they desire the dances or not. The company will follow the wishes of the majority.

NO POLICE COURT

There were no offenders held in the city jail this morning and police court officials had nothing to claim their attention. It was the first time in several weeks that the police have been twenty-four hours without making an arrest.

Water Street

A fine property right in the center of city facing about 160 feet on Water street in front paved. There are three dwelling houses on the property, and this plot would make twelve building lots. At the price it will be the best investment in the city. For further particulars, see
